

Welcome to White Oaks Rehabilitation and Nursing Center

Effective January 12, 2022, our visiting hours are:

10am – 8pm Monday through Friday
and
9am – 5pm on Saturday and Sunday.

While you may visit with your loved one 24/7 we try to limit it to these hours to ensure we can provide you with a Covid test.

You will need to provide your own test if you come before/after these hours.

Please speak to the Administrator or Director of Nursing regarding end of life/compassionate care visits.
